R35

T35

Churches Schools Auditoriums Theaters Conferences

The Personal PA™ 375 FM listening system champions the next generation of hearing assistance technology. Setting up the T35 transmitter is a snap! Quickly choose between Voice, Music, or Hearing Assistance in the Application Preset menu. The T35 configures itself to the appropriate setting – taking the guess work out of complex audio installation. Operating up to 1000 feet, the T35 is ideal for auditoriums, stadiums, theaters, or other large venues where superior coverage area is essential. The PPA 375 comes complete with four stylized single-channel R35 receivers (earphones and batteries included). Call Now: (800) 843-3544!
